WATERPROOF SPA SOUND SYSTEMS

SFS-100B Flip-Up Spa Speakers

The new PolyPlanar SFS-100 Flip-Up Spa Speakers are designed to provide a waterproof speaker for spa skirt installation that can be used both while in the spa and for patio listening while the spa is covered.

Features/Specs:

- 50 watt speakers
- Sleek styling purpose built for spa skirt mounting
- Easy Installation
- Two drivers in each flip up speaker
- Nominal impedance - 8 ohms
- 11" x 7-3/8" (279mm x 187mm)
- UV resistant ASA plastic construction for years of trouble free service
- 3.25" (83mm) deep
- Heavily built S/S hinge, all metal parts either made from S/S or coated for corrosion resistance.

PM2 MP3/iPod® Spa Enclosure

This convenient enclosure can be mounted to any spa cabinet and provides a handy place to store your iPod or MP3 player while listening in your spa.

Features/Specs:

- Sleek styling purpose built for spa skirt mounting
- Easy Installation
- iPod® input to connect to spa sound system
- Flip-Up cover protects MP3 player from water splashes.
